Frequently Asked Questions

1. How can I find out more about this docket?

You can either visit to the Floyd County Building and Development Services Office and review the file between the hours of 8AM to 4PM Monday through Friday or you can review the proposed application on-line at www.floydcounty.in.gov under the Plan Commission page

2. How does this process work?

Depending on the docket, there are several different processes. The Board of Zoning Appeals will take public comments on each proposal and values public comment in their decision-making process. The Board of Zoning Appeals is required to follow state statute when considering each application. Below is a brief description of application that may come before the board. Please note the check marked application on the notification form to the corresponding process listed below:

- **Development Standards Variance** – The applicant is seeking to vary from the County’s development standards in the County’s Zoning Ordinance. Per Indiana State statute, the Board of Zoning Appeals holds a public hearing. From the applicant, it determines if the applicant has met the standard that will allow for the requested variance of County rules. The Board of Zoning Appeals has the ability to approve, disapprove or may place reasonable conditions on the request per the ordinance standards.
- **Conditional Use**– The applicant is seeking to conduct a use on the property not otherwise permitted by right. By the County Zoning Ordinance, the proposed use must be reviewed and determined by the Board of Zoning Appeals if how the applicant is proposing the use to be conducted will affect the adjoining property owners. The Board of Zoning Appeals has the ability to approve, or disapprove. The Board can also place reasonable conditions on the request per the ordinance standards.
- **Special Exception** – The applicant is seeking to conduct a use that is not permitted by right in the certain zoning district. Similar to the conditional use, ordinance, and the proposed use must be reviewed and determined by the Board of Zoning Appeals if how the applicant is proposing the use to be conducted will affect the adjoining property owners. The Board of Zoning Appeals has the ability to approve or disapprove. The Board can also place reasonable conditions on the request per the ordinance standards.

Board of Zoning Appeals & Plan Commission Order of Meetings:

- Meeting is called to order, roll call, and approval of minutes
- Director presents docket item and staff report
- Petitioner will be given a total of ten (10) minutes to present application request
- Board members will ask petitioner questions
- Public comments are opened:
 - Favorable comments are allowed a combined total of ten (10) minutes
 - Opposition comments are allowed a combined total of ten (10) minutes
- Public comments are closed and will remain closed
- Petitioner will be given a total of five (5) minutes to respond to public comments
- Board discusses the case and makes a ruling

**Re: Petition for a development standards variance for property located at 1320 W. Knable Rd.,
Georgetown, IN**

Dear Board of Zoning Appeals:

I write this letter as part of our application to seek development standards variances (hereinafter collectively referred to as the "Variances") for 1320 W. Knable Rd., Georgetown, IN (the "Property"). The requested Variances are for a mini-storage unit development. The Property is currently zone Residential Suburban and is within the Edwardsville Gateway Overlay. The land is vacant and is approximately 6.78 +/- acres.

Since the base zoning designation is Residential Suburban, there are several Variances requested. We respectfully request the ability to build the development consistent with the attached site plan and the County's development standards found in the General Commercial and Office Business Zoning Districts. It is important to note that the proposed site plan does meet a number of the Residential Suburban development standards as well.

If the Variances are approved, we intend on developing a locally owned and managed mini-storage warehouse company to fill a need in our community. We believe this proposed development will be a great addition to Floyd County and we look forward to presenting our thoughts at the meeting. Lastly, we respectfully request that the local TIF district be expanded to capture the increment this project will generate to assist with the growth and amenities the public requested in the Comprehensive Plan in 2016.

Sincerely,

Jacob C. Elder

Development Standards Variance Application

Please Note:

This Application is a document of public record. Any information disclosed on this application is available for review by the public. Incomplete applications will not be accepted. A pre-submission meeting with Building and Development Staff is strongly encouraged. Please contact the office at 812-981-7611 to schedule a meeting.

Variance: A modification of the specific requirements of this ordinance granted by the Board in accordance with the terms of this ordinance for the purpose or assuring that no property, because of special circumstances applicable to it, shall be deprived of privileges commonly enjoyed by other properties in the same vicinity and district.

1. General Information:

2. Site Information:

Parcel ID Number:	22-02-03-600-086.000-002 & 22-02-03-600-082.000-002
Total Acreage:	Approximately 6.78 acres
Address of Property/Location:	1320 W. Knable Rd. Georgetown, IN
Current Use of Property:	Vacant Land
Current Zoning District:	Residential Suburban & Edwardsville Gateway Overlay

3. Variance Request:

Detail the variance request:

The development standards variances requested are to allow mini-storage units to be constructed in the manner consistent with the attached site plan and GC and OB District standards. The base zoning designation is residential and only allows for one primary structure; 50% max lot coverage; minimal parking; fence height of 4' on the frontage. In addition, the EGO has some other development standards specific to building materials. We would adhere to the standard that the building sides of the main large building sides facing W. Knable Road will be constructed of masonry material, but request the variance to allow the interior mini-storage buildings to be constructed out of metal as in standard for the use. The specific variance requested in this application is for: masonry material on sides facing W. Knable Rd.

4. Zoning Map Amendment Justification:

Indiana Code and the Floyd County Zoning Ordinance establish specific criteria that each must be meet in order for a development standards variance to be approved. Describe how the variance request meets each of the following criteria:

1. Approval of the variance will not be injurious to the public health, safety, morals, and general welfare of the community:

The proposed use will have security fencing all the way around the property and will have gated access entry only. In addition, the parking lots will have security cameras and will be well lit by wall packs. The use is of the lowest intensity and should not present any public health, safety, moral or general welfare concerns. Please see attached letters from the Floyd County Sheriff Steve Bush and Jeffersonville Police Department Asst. Chief Michael "Scott" McVoy supporting this our position.

2. The use and value of the area adjacent to the property included in the variance will not be affected in a substantially adverse manner:

The surrounding zoning designations and uses are a multi-family which will end up having approximately 150 units constructed on it, Clayton Homes (commercial use), Edwardsville Animal Clinic (commercial / business use), and single-family homes. Mini-storage warehouses will not substantially adversely affect any of the surrounding properties in use or value. Please see attached letter from two major real estate agent/brokerages: Troy Stiller and Mark Hack supporting our position.

3. The strict application of the terms of the zoning ordinance will result in practical difficulties in the use of the property:

because the issues surrounding the property were not self-created and strict enforcement will result in significant economic injury to the owner since the value of the property is about 80% less if all the owner can do is build (4) homes. Furthermore, there are not feasible alternative because bringing utilities to the property far exceeds what a reasonable return would be.

4. This variance (DOES/DOES NOT) involve a structure that is near an airstrip and regulated under Indiana Code 8-21-10.

5. Required Documents:

- \$300.00 Filing Fee
- Deed for subject property
- Affidavit of Ownership (if applicable)
- Site plan drawn to scale, signed, and dated which clearly shows the entire layout of the property and all features relevant to the variance request.
- Letter from Floyd County Health Department indicating this variance will not negatively affect the operation of a septic system, if applicable *n/a*
- Cover letter summarizing variance request.

6. Signature:

The undersigned states that the above information is true and correct.
